Notes from the Librarian (Brenda Arriens)

Librarians from local community bands are discussing mechanisms for collating lists of music available in the separate libraries for borrowing and establishing rules for operation of lending services.

Request that folks who copy music for personal use, then turn the copies in to the librarian, should tape the several pages together since individual pages tend to get separated during the sorting and filing process.

Noted that purchase of additional folders may be necessary to accommodate the increase in size of the band.

Sectional or small groups scheduling practice sessions: Erik is responsible for maintaining schedules (see posted lists on door of music storage closet behind director's podium) as well as on-line. Scheduling will be done on and first-come basis.

New music stands have arrived, been labeled, and are in use.

Chimes were repaired in house.

Director's chair has been delivered and is in use.

Announcement:

No rehearsal February 24. Band members expected to attend joint concert of Duke and UNC wind symphonies. Baldwin Auditorium = 7:00PM

Issue to consider: Ensemble concert featuring various small groups formed within the band, sometime before Father's Day concert.

Minutes prepared by Elzie Laube, Secretary.
